Chromebook Internet Agreement Form - PVUSD- Valencia School

Students have a responsibility to use the school's computer resources in an efficient, ethical, and lawful manner. Teachers may immediately limit or suspend a student's access to school computer resources while the infraction is being investigated.

If I violate any of these rules, I will have to have a parent-student-teacher conference at school. We will go over the rules of using the internet at school and sign a new contract. That is the only way that I can use any computer at school again.

1. Before using the computer, check the computer station. Notify the monitoring teacher if anything is damaged or missing. I am responsible for my computer. If something is wrong with it, I will immediately notify the teacher.

2. Use the computers and printers for educational purposes only.

3. Do not change the configuration of computer hardware, remove or replace cables of any kind, attach devices of any kind, change monitor settings, or modify computer hardware in any way.

4. Use only your own account and password for all computer work. Do not share your account and password with others. (Damage or loss of personal files, even sabotage, can result from allowing others to use your account and password.)

5. Food and/or beverage are not to be consumed around computer equipment.

6. Adhere to copyright laws. Users are expected to respect copyright laws, which govern the use, copying of software, citing of information and attributing authorship.

7. I may NOT go to any website that my teacher does not give me permission to go to. I have permission to go only to the websites that I am explicitly instructed to go to. I may not send messages through google docs during the school day unless it has to do with a specific assignment and I have permission by my teacher.

8. I must only use the Chrome Book or computer that has been assigned to me. If mine isn't working, then I will let the teacher know and tell him/her what new number I am using for the day.

9. I will be respectful and appropriate at all times with what I write in Google docs or other writing documents that I might use.
Computer and Internet Use Agreement Form - Valencia School/PVUSD

I understand the rules of using the computers at school. I will honor all rules and computer etiquette stated above. I have reviewed these rules at home with my family. Their signature confirms this.

__________________________________________  ______________________________________
Parent signature                               student signature

Student's name ________________________________

Student's Homeroom ____________________________

Date ________________

Please keep the rules of use at home. Only page 2 with signatures and name/homeroom/date gets returned.
